Our school strategies are on track to meet or exceed our targets

During 2014, we have focused on maximising the benefits of this funding for our students. After reviewing our Great Results Guarantee agreement, it is clear that we are on track to meet or exceed our targeted student outcomes. We continue to implement our strategies to ensure that every student succeeds.

Strategies implemented in 2014 included:

1. Refining the whole-school approach to provide a continuum of literacy and numeracy support, specifically:
   - Using a range of school-based and systemic data to develop/refine programs that focus on individual learning needs and areas of improvement in Reading.
   - Devoting additional time to Literacy Intervention.
   - Introducing “Multi-Lit” and “Literacy Pro”
   - Utilising explicit teaching strategies and differentiated approaches that address key areas and meet the needs of ALL students.
   - Planning an explicit Numeracy Intervention strategy.

2. Building capacity, capability and density of instructional leaders of the school, specifically:
   - Establishing agreed teaching practice through introduction of “Literacy Rotations”.
   - Engaging teachers in Professional Learning Teams.
   - Consolidating staff expertise in the collection and analysis of data.
   - Further developing capacity of relevant staff to work with students who require targeted and intensive literacy teaching. This includes:
     - “Reading Difficulties and Dyslexia” [MSSWD course]
     - “Seven Steps to Writing Success”
     - “SCORE” [whole school reading program based on the “Tactical Teaching of Reading”]
