Select ‘Yes’ if you are the person linked to the code you entered, then click ‘Verify identity’.

Item 1: ID

The following documents can be used to verify your identity online. Each identity document is worth a certain number of points. You need to have enough documents to reach 100 points.

- Australian Passport: 50 Pts
- Australian Drivers Licence: 50 Pts
- Medicare Card: 20 Pts
- Australian Birth Certificate: 50 Pts
- Australian Marriage Certificate: 40 Pts
- Australian Citizenship Certificate: 40 Pts
- Change of Name Certificate: 40 Pts
- Australian Visa (foreign passports): 20 Pts

If you only have 60-90 points of the above ID, you can still register. However, you will need to attend your school for a further check later.

Item 2: ID HELP

If you are having trouble verifying a birth certificate or marriage certificate, the following tips might help:

1. You must be referring to a full birth certificate, not an extract.
2. Make sure you enter your name as it appears on the birth or marriage certificate, even if your name has changed.
3. Click on the question mark (?) next to the field you are having trouble with to see an example document.
4. Please see our help guide if you are still having trouble: http://qparents.qld.edu.au/#/help

You should now create your account. Make sure you use the ‘Create an Account’ form on the left of the screen.

1. Enter the email address you want to use for QParents. Only one email address may be used per account. If you share an email address with someone who is also invited as a QPAO, you will need to have separate email addresses.
2. Enter a password of your own choice. It must be at least eight characters long and contain at least one number and one special character.
3. Enter your password again.
4. Enter your mobile phone number.

An email is sent to the email address you entered in Step 6. Click on the link in this email to verify your email address and activate your account. The email must be verified within 30 days of registration, or you will need to register again.

You are taken to the QParents login page. Log in using your email address and the password you chose in step 6.

Details of student to be added

EQID
What is this?
Year level
Which year level should I select?
School
Which school should I select?

You now need to add your students. Enter the EQID (see item 3), school year, and school name, then click ‘submit’. If you have been nominated as the QParents Account Owner for another child, click ‘Add another student’ and repeat this process. Once you have added all your students, your registration and account set-up is complete.

Item 3: EQID

Every school student has an EQID. It consists of 10 numbers and one letter. You can find it on your child’s student ID card (the numbers under the barcode), report cards, or school invoices, among other documents.

A final check is conducted at your child’s school before approval. You will be notified by email when this check is complete and you will then have access to all of the features in QParents.

Enjoy!
